

PARENTS TEACHERS ASSOCIATION

15/07/2026

The Parent-Teacher Association (PTA) is an important platform that strengthens cooperation and communication between the school and parents. The overall development and well-being of students can be achieved more effectively when parents and teachers work together with a shared understanding and common purpose.

The PTA provides opportunities for parents and teachers to interact, exchange views and understand students from both the school and home perspectives. It also enables parents to gain a better understanding of the school's academic programme, policies, activities and overall functioning.

Through constructive dialogue and active participation, the PTA supports the school in creating a safe, positive and enriching learning environment. It promotes a healthy partnership between parents and teachers and encourages collective efforts towards the academic, social, emotional and overall development of every student.
